

Neighbor to Neighbor

Dear Friends and Neighbors,

With 2015 off to a successful start, I wanted to take this opportunity to highlight the good work that we did together in 2014.

Our top priority is to ensure the safety and well-being of our residents. Throughout last year, we took great strides to move forward the safety and security of Willow Springs.

We implemented the Community Service Officer (CSO) Program. This program allows citizens to take an active role in protecting their community while providing additional resources to law enforcement, including assistance with clerical work, ordinance violations and code-enforcement. We also acquired state-of-the-art equipment to allow officers greater flexibility when patrolling the village.

Building on our partnership with the Tri-State Fire District, we were proud to welcome the Tri-State Fire Prevention Bureau to the Village of Willow Springs, bringing with it additional personnel, programs and services to keep residents safe. As a result of this partnership, response times are quicker, community outreach has increased and resources have nearly tripled.

The Village also undertook the most robust road repair project ever in the Village. Ten roads equaling nearly two miles have been repaved over the past year throughout the Willow Springs. Not only were crumbling roads replaced, but preventative maintenance was performed on several roads to prevent more expensive work in the future. We fund these projects through our sales tax and are proud that money spent in Willow Springs is reinvested here.

In 2014, we welcomed back bike racing. July saw hundreds of cyclists race through town during the 2014 Intelligentsia Cup Prairie State Cycling Series. As the only town in the series to host a road race, Willow Springs is a particular draw to racers, as is the picturesque route which includes a circuit around Maple Lake.

But here in Willow Springs, we also understand the importance of giving back. On August 7, thousands of residents and visitors enjoyed cars, delicious food, cold beer and live entertainment as the Village hosted its 7th annual Willow Springs Benefit Car Show. With nearly 3,500 visitors, this year's event broke attendance records for the show! All proceeds from the show went toward the Village's Family and Veterans Relief Fund. Donations also went to partner organizations including Honor Flight of Chicago, The Wounded Warrior Project, the Willow Springs VFW Post 832 and Vietnam Veterans of America.

The Village continues to work with agencies such as Chicago Metropolitan Agency for Planning (CMAP), The Forest Preserve District and the Metropolitan Water Reclamation District (MWRD), the lease holder of much of our annexed land out to Route 83, to plan future recreational and industrial expansion. The prestigious Urban Land Institute has selected this acreage to study in springtime to provide feedback and technical assistance in planning.

We certainly can be proud of the work we did last year, and we look forward to building on this progress in 2015. Together, we can keep Willow Springs a great place to live, work and raise a family.

Warmest Regards,

Alan

### Winter Fires: Safety Tips for your Home

### **#1** General Winter Fire Safety:

- Hunt for home hazards to prevent fires from happening in the first place.
- Give Space Heaters at least three feet of distance from any combustible. Never use space heaters with an extension cord.
- Provide smokers with large, deep, non-tip ashtrays and keep an eye on anyone who is drinking and smoking.
- Remove fireplace/woodstove ashes into a metal container with a tight fitting lid.
- Place this container on a non-combustible surface, away from any item that can ignite.
- Matches and lighters must not be left within the reach of children. Children are very observant when it comes to the routine places these are kept.
- Make sure a grown-up is always in the room when a candle is burning. Make sure to use candle-holders that are sturdy and won't tip over easily. Don't let kids light candles.
- Never leave a hot stove unattended. Never cook on high when using oils.

#### **#2 Smoke Detectors:**

- People living in homes with working smoke detectors are twice as likely to survive a fire.
- Install smoke detectors on every level of your home and outside all sleeping areas.
- Test your alarms at least once a month and replace the batteries every year.
- For \$10 to \$15, you cannot make a better purchase for you or your family's lives.

#### **#3 Home Escape Plans:**

- Develop and practice a home escape plan with your entire family.
- Everyone in the household must know at least two ways out in the event of a fire.
- Choose a safe meeting place outside and call the fire department from a neighbor's home.

# Kids' Halloween Party

On October 17, the Events Committee hosted some scary good fun at the Kids' Halloween Party at the Community Center. The children enjoyed pumpkin painting, a haunted tunnel, spooky games, and treats!

### An Exelon Company

Representatives of Com Ed visited the Willow Springs Senior's Club on Jan. 20 to offer ideas and tips on saving electricity, and getting free light bulbs. In addition, those in attendance learned how to sign up to get assistance in paying often costly electric bills. At the end of the presentation Com Ed provided a gift certificate to one lucky winner in attendance.

# Help support the Lioness Club while enjoying a meal!

The Willow Springs Lioness Club held their fifth annual Ladies Night Out Shopping Party October 23 at the Willowbrook Ballroom. More than 40 vendors showcased the newest and greatest in beauty products, fashion apparel, household decor and gourmet goodies. There was also a fantastic raffle table, as well as homemade baked goods from the Lioness.

Money raised from the event helps benefit organizations that support the visually and hearing impaired, as well as a number of local organizations.

For more information on the Lioness or would like to become a member, contact them at <a href="mailto:willowspringslionessclub@yahoo.com">willowspringslionessclub@yahoo.com</a> or visit their Facebook page.

# **PUBLIC WORKS**

### **Snow Removal**

Public Works is constantly monitoring weather conditions to ready for snow and ice removal. Prior to expected storms, intersections and hilly areas of the Village are pre-salted. When snow arrives, Public Works first clears sidewalk paths for schoolchildren, emergency vehicle lots, commuter lots, and main roadways. Then side streets are plowed. When the side streets are completed, alleys are cleared.

Please be reminded: Public Works cannot clear snow from private property and driveways. Be courteous to your neighbors and motorists; do not shovel snow back into the streets.

### Branch Pick-Up

Branch pick-up service will run from May to October 1.

Pick-Up Schedule

Southside 1<sup>st</sup> & 3<sup>rd</sup> Mondays Northside: 2<sup>nd</sup> & 4<sup>th</sup> Mondays

Place your branches (no more than 3 inches in diameter & 6 feet in length) in the easement. Village code only allows us to spend no more than ten minutes at each household to chip clippings. Public Works does not chip full trees or branches from full trees. You or your contractor are responsible for removing from your property full trees or parts of full trees. Public Works is not able to chip branches from pine trees due to the sap on the branches.

Mixing yard waste with branches will break down village equipment. Public Works will not pick up branches if they are mixed with yard waste.

# Village Moves Train Parking Closer to Platform, Saves Money Down the Line

Parking for local Metra commuters is about to get a lot more convenient—and save money for the Village at the same time.

Plans being drafted call for the construction of a new parking facility along Willow Boulevard adjacent to the existing 23-space Village lot. The newly designed lot replaces the existing 130-space parking area to the north, which borders the Cal-Sag Channel.

The Village hopes to begin construction of the new 50-space lot in springtime, weather permitting, when asphalt plants open.

"This is great win-win for commuters and the Village alike," said Mayor Nowaczyk. "It's a safer, more convenient option for commuters, and economically, it's the smart choice."

Opportunity knocked as the 20-year lease on the existing 130-space train lot expired at the end of 2014. Average daily parking has remained a constant 40-45 vehicles per day, with a daily \$2 fee bringing in a total of about \$23,000 annually. Metra service on the Heritage Corridor runs Monday thru Friday.

The proposed lease renewal required the Village to pay \$12,000 per year, in addition to covering costs of paving, maintenance, reconstruction, and lighting. Those cost along with plowing, policing and insuring a larger 2-acre site, led the Village Board to explore other options.

The cost of constructing a new commuter lot, directly behind the existing Metra platform, will be paid with reserve funds previously earmarked for re-paving the larger lot. Commuter fees will be used toward improved lighting and landscaping.

"This is consistent with our 'pay as you go' Road Program which is funded through sales tax revenues devoted strictly to road repairs and reconstruction. That way there is no cost to homeowners. People who buy products in town pave our roads. People, who spend \$2 a day to park, pave and maintain the commuter lot they use. I think that's fair when the money you spend goes directly back to provide you better service or amenities," said Mayor Nowaczyk.

Last fall, the Village embarked on its most productive repaving schedule to date, reconstructing and paving 10 streets amounting to approximately two miles of pavement.

### Safety Outreach: "Reverse 9-11"

### Do We Have your Number?

The Village of Willow Springs
participates in a "Reverse 911" system
which dispatches public safety messages
directly to your phone in the event of an
emergency. On November 18, Mayor
Nowaczyk and the West Suburban
Water Commission officials cosponsored a Safety Outreach for
members of the Seniors Club. At the
meeting, residents were informed of the
program, and advised to visit:

http://www.westsuburbanwater.com/e mergency-notification.

Here, you can sign-up or ensure your number is registered. The Village and the Commission share the cost of the Reverse 911 system to save taxpayers' money. Tri-State Fire District firefighters spoke at the Outreach, advising seniors of what to do in home emergencies and fires.

### GET POWER OUTAGE ALERTS FROM COMED

- **Sign-up in advance.** Go to <a href="https://www.comed.com/customer-service/outage-information/Pages/default.aspx">https://www.comed.com/customer-service/outage-information/Pages/default.aspx</a>
- Click on "Outage Alerts" and complete the short enrollment form at the bottom of the page
- Once you are subscribed, you can text "OUT" to 26633 at any time
- You will then receive notifications when an outage has been reported at your address, and get ongoing updates as the status of your outage changes.

# Willow Springs Historical Society News

The Historical Society of Willow Springs is still busy at work with our ongoing projects. We are actively accessioning collections that have been passed into our hands.

We have put up a new exhibit entitled "There's No Place like Home" and on display are letters written from servicemen to their families during the World War II era. They are from many places both here and abroad.

We are also continuing our work with the Civilian Conservation Corp. concerning our memorial garden across from the Citgo station. We are currently correlating information for a kiosk to be placed near the statue with information for the public who are unaware of the work they did for this country and beyond.

We will be having a Military Display in May of 2015 before Memorial Day and present a Program for the interested public. We shall have a guest speaker and hope to see you there.

More Information will be presented in the next Village newsletter. Thank you to all the people who have donated to us and for all who come out to support us at the Rendezvous.

Happy Holidays to everyone. Always looking for new members.

Call for information at 708-458-9672; 708-839-8227; or 708-839-0605.
